

DIGGERS™ Mineral Turpentine

DESCRIPTION

DIGGERS™ Mineral Turpentine is a solvent commonly used for thinning oil-based paints and cleaning paint brushes and equipment after painting.

TYPICAL USES

- Thinning oil-based paint
- Thinning **DIGGERS™ Linseed Oil** (Raw and Pale Boiled)
- Removing wax and polish
- Cleaning paint brushes and equipment

FEATURES

- White-spirit hydrocarbon solvent
- Cost-effective

APPLICATION

Thinning Oil-Based Paint

- To achieve optimum results always follow paint manufacturer's directions when thinning paint.

Thinning Linseed Oil (Raw and Pale Boiled)

- Mix **DIGGERS™ Linseed Oil** 50:50 with **DIGGERS™ Mineral Turpentine** for increased timber protection.

Removing Waxes and Polishes

- Always test on a small area first. Use direct from the bottle. Saturate a lint free cloth with **DIGGERS™ Mineral Turpentine** and wipe in one direction to remove containments from surface. Use a clean part of the cloth for each wipe. For vertical surfaces start at the top and work downwards.

Cleaning Paint Brushes

- Place brush in jar with **DIGGERS™ Mineral Turpentine**, squeeze out paint and rinse with strong soapy water.

*HINT: When cutting glass, dip the cutter wheel in **DIGGERS™ Mineral Turpentine** prior to cutting – this lubricates the cutting wheel and produces a cleaner cut.*

SAFETY Wear suitable protective clothing, gloves and eye/face protection when using this product.

TYPICAL CHARACTERISTICS

Appearance colourless liquid
 Specific Gravity..... 0.78–0.82
 Flash Point 31°C
 Boiling Point 148–200°C
